

Cesarina Bonfanti graduated in Chemistry at Università degli Studi di Milano. In 1986 she joined Eni's R&D organisation.

From 1986 to 1996 she has been researcher in the Eni Polymers Department. She performed research work in the field of liquid crystal polymers, polymeric membranes for gas separation and oil absorber materials.

She is author of eleven industrial patents and several scientific publications.

From 1996 she has developed a broad experience in EU and national research projects and funding mechanisms. Currently she is responsible for public financing of Eni R&D projects.
