

## CALL FOR POSTERS

The second annual edition of the **NanoInnovation** event will be held from September 26<sup>th</sup> to 29<sup>th</sup> in Rome, at the Sangallo Renaissance cloister of the Faculty of Civil and Industrial Engineering of “Sapienza” University of Rome.

Leading edge companies, research organizations and institutions active at national level in the development of nanotechnologies, will support **NanoInnovation 2017**, jointly organized by **NanoItaly Association** and **AIRI - Italian Association for Industrial Research**, in cooperation with **Nanoforum**.

The conference represents **the reference national event** for the wide, multidisciplinary, international community involved in the study of nanotechnologies, in the frame of the other Key Enabling Technologies (**KETs**) in all possible fields of application.

The four-day programme is strongly oriented toward the **applicative aspects of nanotechnologies**, and leading **organizations and speakers** from academia and industry, both Italian and international, will contribute.

**The Call for posters will soon open and the online submission form will be available from May 15, 2017 on the conference website at: [www.nanoinnovation.eu](http://www.nanoinnovation.eu)**

**Applications must be submitted online by August 4, 2017, and the posters have to be prepared following the submission guideline available online.**

Contributions should address scientific and industrial developments in **application sectors relevant for nanotechnologies and their integration with KETs** including:

*Transport, Space & Aeronautics | Food and Agriculture | Energy & Environment | Health and Life Sciences/Biotech | Sustainability, Health and Safety and Social Impacts | Electronics, Micro and Nanosystems | Nano-Materials Based Innovation | Nanometrology and Nanoscale Measurements | Advanced Manufacturing & Industry 4.0 | Consumer and Personal Care Products*

Selection of contributions will be based on the quality of the presentation and on their relevance with respect to the conference themes and objectives.

**A limited number of posters might be selected also for an oral presentation. Authors will be contacted in due time and asked to accept or refuse the proposal.**

Posters will be displayed in the exhibition area of the conference for the whole conference duration.
